## **DETAILED ACTION**

### ***Double Patenting***

1. Claims 1-3, 5-13, 22 and 23 remain provisionally rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims 1, 3, 5-10 and 12-22 of copending Application No. 10/698,309 for the reasons of record in the previous office action.

### ***Claim Rejections - 35 USC § 103***

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 1, 3 and 5-13 remain rejected under 35 U.S.C. 103(a) as being unpatentable over EP 925,776 for the reasons of record in the previous office action. Applicant's language drawn to "non-polymeric association" is noted, but this product-by-process language does not differentiate the claimed product from that of the prior art in the absence of evidence to the contrary.

### ***Response to Arguments***

4. Applicant's arguments filed April 26, 2007 have been fully considered but they are not fully persuasive. Applicant's amendments overcome the 112 rejection, the double patenting rejection over US 7,125,835 and the 103 rejection over WO 01/04257. Applicant is correct that the EP teaches the exact opposite of what is meant by "non-polymeric association", but it is not clear that the product obtained in the WO by making

the particle in the presence of perfume—a non-encapsulating particle—is any different from that obtained by making the particle and subsequently allowing perfume to diffuse into it, as intended by the present claims. Claims 22 and 23, being process claims, give weight to the method of preparing the particle and are not obvious over the EP.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
